SUBJECT: BLUE LANTERN LEVEL 3: POST-SHIPMENT END-USE CHECK  
ON LICENSE 050185746

REF: 2006 BLUE LANTERN GUIDEBOOK

¶1. This is an Action Request. See paragraphs 2-4.

¶2. The Department's Office of Defense Trade Controls Compliance (PM/DTCC) requests Embassy's assistance in conducting a post-shipment check on license 050185746 for the export of an infrared camera to Belgium. Post is requested to complete this Blue Lantern check within 45 days. Lack of response to a Blue Lantern check will affect pending and future licenses involving parties to this license.

¶3. Reason for request: sensitive commodity and unfamiliar foreign end-user Hoffmann & Dupont (HD). The company has not previously appeared on DDTC license

¶4. ACTION BRUSSELS: Post is requested to make inquiries with appropriate Belgian officials to verify receipt and end-use of the infrared camera. PM/DTCC also requests that post conducts a site visit to HD in order to provide Department with an assessment of its business operations and on-site security. Finally, post is asked to assess whether the company appears to be a reliable recipient of USML items.

The following questions are provided as suggested guidance:

--Does the company have secure facilities and proper accounting and security procedures for handling sensitive USML items?

--What is the exact end-use for this USML item?

--What is the nature of the company and when was it established? Who are its principals?

--What type of organizations are among its typical customers and where are the customers located?

--Does the company understand the restrictions on United States Munitions List (USML) items, especially the prohibition against unauthorized re-transfer and re-export?  
END ACTION
